

TI Internship Additional Relocation Resources 2024

TI Interns, We've collected some additional resources that may assist you in your internship relocation process. We hope you find these helpful. Please note, these are general online resources, subject to change and not TI specific.

University housing

There are local universities within distance to some TI sites that have summer guest housing options for summer lodging. Examples of university housing opportunities are noted below. These tend to be available on a first-come, first serve basis. *****Please be aware, many universities require that you are out of their dormitories by the first week of August to prepare for their students, which may be prior to your termination date. For the last week of your internship, new housing may need to be identified (via AirBNB, VRBO, hotel stay etc.). *****

TI Site	University	Contact	Direct link
Dallas/ Richardson	UT-Dallas	rccs@utdallas.edu	Guest Housing - Conference Services - The University of Texas at Dallas (utdallas.edu)

Getting to work

Determining whether to bring your personal vehicle with you or leave it behind is an individual choice. Parking is available at all TI sites at no cost.

Public Transportation in some locations can be very limited. It is important that you thoroughly check the options for public transportation before making this decision. Sometimes just a few miles on a map can take much longer to travel by car, bus, Uber/Lyft, etc.
