Whimsical Toys Inc (WTI) needs to record the names of all its employees. Every month, an employee will be chosen at random from these records to receive a free toy.

- components.Set
- java.util.Set

WTI has decided that each new product will be named after an employee – but only first names will be used, and each name will be used only once. Prepare a list of unique first names.

- components.Sequence
- java.util.Collection

WTI decides that it only wants to use the most popular names for its toys. Count the number of employees who have each first name.
- components.List
- java.util.List

WTI acquires season tickets for the local lacrosse team, to be shared by employees. Create a waiting list for this popular sport.

- components.Queue
- java.util.Queue
